

ISRAEL - PALESTINE WAR
CEASEFIRE NOW

#VoicesForPeace

We are **witnessing a catastrophic war** that is causing the death of thousands of innocent civilians. The humanitarian tragedy is being worsened by the limitations on food, water and medicine in Gaza, that is affecting millions of lives.

The actions of Hamas on 7 October 2023 were completely against the teachings of Islam and must be condemned. The subsequent response of Israel, where thousands of innocent men, women and children in Gaza have been killed and millions more are suffering, has far exceeded limits of a proportional response. The human suffering is intolerable.

His Holiness, Hazrat Mirza Masroor Ahmad, Head of the Worldwide Ahmadiyya Muslim Community has warned that as the conflict continues there is a very real and growing **risk of** this war spiralling into a wider **global conflict** that will cause untold suffering and destruction that will last for generations.

For the sake of peace and the sake of humanity this situation must not be allowed to continue.

“May Allah enable the major powers to fulfil the obligations of justice on both sides of the conflict in order to establish peace. It should not be that they become lenient towards one side at the cost of the other. May they not increase in injustice and may we come to see peace in the world.”
